This is a small and quaint home that has a near new kitchen and a lovely vista from the front porch. It needs some TLC on the inside, it has hardwood floorboards under the carpets & vinyl that would come up a treat if polished.

There are 2.5 bedrooms with the .5 attached to what would make the ideal master room and allow the smaller area to become a dressing room or walk in robe. Maybe your lifestyle needs a study, this multipurpose area will allow for many uses depending on your own particular needs. The Laundry is under roof off the kitchen and is combined with the WC and a large utility area.
