laundry area and a second shower and separate toilet. Another covered outdoor entertainment area with quality paving sits just outside. And that is just the inside. Outside is beautifully maintained with easy care gardens and shrubs. The property is fully fenced and the back yard is separated from the front. 2 garages on the main driveway have a carport out the front with an automatic garage door opener to secure the area, plus a caravan, camper or trailer shed, plus extra storage on the other side of the property, which also provides back yard access. There is also another shed to house gardening equipment. Outside storage will never be an issue at this property.

Cool and cosy in the roof, whirly bird on top provides great temperature control and a full termite barrier is in place and up to date. The yard is a very gentle slope – perfect for the swings or trampoline or perhaps a pool in the future.

The house was moved to the site in 1965 from nearby Brisbane Road, Bundamba just next door to what is now Ian Boettcher Motors. Back in the day, it was bought across the paddock as there were no other houses around as the land was part of a larger farm. The couple were due to be married, so rented it for a few months until their happy day when they took up residence in their new home. They raised their family in the house and had many happy times and great memories. But, it is now time for the Lady of the House to move on to her next chapter in life.

This property is suitable for a new family looking to move in who just want to make it their home, raise their family and not have to be renovating every weekend for years to come. This home has been beautifully maintained over the years. Only one lucky family can secure this home, so act quickly to book a private inspection.
